

Skip Bo Flip Addition (Grades 1 and 2)

You need a deck of Skip Bo cards.

1. Shuffle the cards and place in two (relatively) equal piles.
2. Turn up the top card from each pile.
3. Use any addition strategy to add the two numbers.
4. If you wish, your child can record the number sentence on a piece of paper.

Skip Bo Flip Subtraction (Grades 1 and 2)

You need a deck of Skip Bo cards.

1. Shuffle the cards and place in two (relatively) equal piles.
2. Turn up the top card from each pile.
3. Move the highest card to the first position.
4. Use any subtraction strategy to subtract the two numbers.
5. If you wish, your child can record the number sentence on a piece of paper.
